

MPF Xtra® Investor Reporting: What to Expect in February 2017

Overview

The purpose of this webinar is to focus on February 2017 when Servicers will transition to the new process for reporting MPF Xtra® loans to the Master Servicer and ultimately, Fannie Mae. February of 2017 will be unique as both the old and new reporting requirements will overlap. This webinar will provide a detailed overview of how the reporting process will work during that transition month. Specific dates and reporting requirements will be discussed, including instructions for each of the three reporting methods. As the transition date approaches, it is important that all Servicers of MPF Xtra loans are prepared with a clear understanding of the 2017 changes.
