MPF Xtra® Investor Reporting:
Preparing for the 2017 Changes (Phase 2)

Overview

Throughout 2016, the MPF Provider is offering a series of webinars to help Servicers of MPF Xtra® loans prepare for upcoming changes to Fannie Mae's Single Family Investor Reporting requirements. **This is the second offering in this series**. This session will feature a brief recap of the information covered in the initial offering, including an overview of the three monthly reporting options. New information related to voluntary testing procedures and testing timelines will be introduced. Voluntary testing (recommended) will be available later this year to those who wish to participate. It is important to have a full understanding of the testing requirements as this is a crucial step in the preparation process for the February 2017 implementation date.
