## FHLBANK TOPEKA PROVIDES NEEDED LIQUIDITY AND FUNDING FOR OUR DIVERSE FINANCIAL INSTITUTION MEMBERSHIP.

Because we're an old-fashioned cooperative owned by our member banks, thrifts, insurance companies, community development financial institutions and credit unions, we're able to provide the products and services that give them a competitive advantage in their markets.

## WHAT DO THE FHLBANKS DO?

With 90 years of service to the financial industry, the Federal Home Loan Banks (FHLBanks) continue to raise billions of dollars in the financial markets for the benefit of their members connecting Wall Street to Main Street. Through the FHLBanks, local lending institutions have access to those funds to provide affordable credit within the communities they serve.

The FHLBanks recognize homeownership and economic development as the cornerstones of strong communities. Through 2020, the FHLBanks have contributed more than \$7 billion in Affordable Housing Program grants to help more than 990,000 households and have lent \$71 billion in low-cost advances for economic development that created and preserved jobs, helped build infrastructure and resulted in the creation of additional housing units.

## WHAT MAKES US UNIQUE?

The Federal Housing Finance Agency oversees the issuance of FHLBank debt through the Office of Finance. Our primary funding source, called consolidated obligations, are debt instruments that constitute the joint and several obligations of all FHLBanks. Although consolidated obligations are not obligations of, nor guaranteed by, the U.S. government, the capital markets have traditionally viewed the FHLBanks' consolidated obligations as "federal agency" debt. As a result, the FHLBanks have historically had ready access to funding at relatively favorable spreads to U.S. Treasuries. Additional funds are provided by deposits, other borrowings and the issuance of capital stock.

While the collective strength of the FHLBank System establishes our core stability, each FHLBank operates as a separate corporate entity with its own management, employees and board of directors. We are exempt from federal, state and local taxation, except for real property taxes. Our members are required to purchase and hold our capital stock as a condition of membership and more funds when they borrow from us. Only members are permitted to purchase capital stock.

#### WHY ARE THE FHLBANKS IMPORTANT NOW?

The cooperative structure of the FHLBanks enables them to expand and contract as the needs of member financial institutions and their communities change over time. This flexibility and reliability provide the foundation for the FHLBanks' unique and necessary role in the financial system.

The FHLBanks have been there for their members through the pandemic with additional reduced-cost funding and grants to support small business, agriculture and industry. Coupled with the continued demand for smarter regulations, more prudent underwriting and consumer-friendly financial instruments, the FHLBanks' role in keeping low-cost funds flowing to communities remains key to our country's economic health.

Lending institutions, policymakers and community leaders agree that the role of the FHLBanks has never been more important, especially in today's unprecedented financial environment.
